2NT shows a balanced hand with 8+ points, and when NORTH then supports ♠s SOUTH makes a slam try.

SOUTH bids RKC Blackwood 4NT. NORTH shows two Keycards (two Aces) and SOUTH bids 6♠.

NORTH has a decent Limit Raise, and SOUTH tries RKC Blackwood.

NORTH replies to the 4NT bid with 5♦, zero or three Keycards. So which is it, zero or three?

Pretty simple - since SOUTH holds three Keycards himself NORTH can hardly have three also since there are only five total. She must have zero and SOUTH signs off at 5♥.
