SOUTH's 2♣ bid is Stayman, asking for a 4-card Major.

NORTH's 2♦ bid denies four cards in either Major.

SOUTH knows there is no 8-card Major fit. He also knows the partnership has at least 26 points so he bids 3NT.

NORTH, with 11 points and six ♠s, knows immediately that the final contract will be 4♠ since the partners must have at least eight ♠s and at least 26 points.

She concludes that it might be better for SOUTH to be the Declarer so she bids 2♥ as a Jacoby Transfer. When SOUTH makes the required 2♠ bid she just bids 4♠ which closes the auction with SOUTH as Declarer.

SOUTH knows the partnership has a fit in ♥s since NORTH must have at least a doubleton. He also knows the partnership holds at least 27 points.

He prefers NORTH be the Declarer, (to protect against the opening lead), so he uses a Jacoby Transfer.

The contract might go down if played by SOUTH, but is odds on when played by NORTH.

3NT by North

Just having a 4-card Major doesn't mean you must automatically use Stayman.

Here SOUTH has a 4-card ♠ suit, but decides not to seek a 4-4 fit because his hand wouldn't have any ruffing values in a ♠ contract. He bids 3NT.

Notice that even though NORTH also has four ♠s the 4-4 fit is not useful to them in a ♠ contract because neither hand can ruff any losers.
