With 9 points SOUTH is unable to decide the final contract. If NORTH has 17 points then the partnership should be playing 3NT. If NORTH opened with just 15 points then 3NT will be too high..

So SOUTH makes the temporizing bid of 2NT. This tells NORTH that he must make the final call - go on to game if he has maximum, pass if he has minimum. On this Deal NORTH has 17 points so he bids 3NT.

This time SOUTH has a minimum 1NT opener; a balanced hand with 15 points.

NORTH has 9 points; he knows that the partnership is somewhere between 24 (9 + 15) and 26 (9 + 17). So he invites with a 2NT bid.

SOUTH, with a minimum, declines the invitation by passing.
