When NORTH opens 1NT, SOUTH knows that he cannot have more than 17 points. So with her 7 points, she knows there is no reason to respond.

SOUTH has a maximum 17 point 1NT opener.

NORTH has 9 points: - if SOUTH has 15 the total is 24, not enough for game. - if SOUTH has 17 the total is 26, enough for game. Since NORTH doesn't know what to do he passes the buck back to SOUTH by bidding 2NT; this is an invitation for SOUTH to bid game.

SOUTH has a maximum 17 point hand so she accepts the invitation.

With 9 points SOUTH is unable to decide the final contract. If NORTH has 17 points then the partnership should be playing 3NT. If NORTH opened with just 15 points then 3NT will be too high..

So SOUTH makes the temporizing bid of 2NT. This tells NORTH that he must make the final call - go on to game if he has maximum, pass if he has minimum. On this Deal NORTH has 17 points so he bids 3NT.
