SOUTH has a pretty normal preemptive 3♦ bid.

NORTH has the equivalent of an opening 1NT bid and will be very tempted to bid 3NT.

That might turn out to be a disaster, particularly if NORTH is unable to reach the SOUTH hand.

NORTH should assume SOUTH can win six tricks if ♦s are trumps. Thinking this way points NORTH to her best call - PASS.

Here NORTH has the kind of hand you need to raise a preempt to game.

NORTH assumes that SOUTH has a hand with six winners in it. He can provide four more, so that is just enough for game. He bids 4♥.

SOUTH has a 7-card ♠ suit but he is too strong to open with a preemptive bid. So he opens 1 ♠ instead.

NORTH should respond 2 ♣, and SOUTH can do nothing but rebid the ♠ suit.

NORTH thinks there should be game and bids 4 ♠
