

Weak Two-bids

Open 2♦, 2♥ or 2♠ with a 6-card suit headed by some honors and fewer 4-9 HCP.

Response of a new suit is not forcing. (Note: some pairs play this 1-round force)

Raise of Opener's suit is to play.

Response of 2NT is forcing and asks for further information.

After 2NT Response, Opener bids:

- 3 of original suit to show a weak hand

- 3 of another suit to show a good hand with high card in that suit

- 3NT with a suit of A K Q x x x

Preemptive Bids

An opening bid of 3 of any suit shows a 7-card suit and less than opening hand.

This is primarily a defensive bid, and you should be mindful of vulnerability, being more cautious when you are Vulnerable against Non-Vulnerable opponents. For these Deals assume neither side is Vulnerable.

As a rule of thumb, Responder should assume Opener can win six tricks and bid accordingly.
