You have two very good choices, neither of which is really wrong. You could bid 2NT, showing 13-16 points, balanced, or you could bid 3♦, showing 13-16 points, good trump support.

What should decide you is the bidding priorities. You'd much rather try to play a 9-trick game than an 11-trick game. And at the same time you must trust your partner not to leave you hung out in Notrump with an unsuitable hand. (Can you believe I wrote Notrump and unsuitable in the same sentence?)

Anyway, you bid 2NT and partner raises to 3NT.

With 14 points and a 4-3-3-3 distribution this could be the perfect hand for a jump to 2NT. But not when the 4-card suit is a Major - you should not skip bidding a Major when you have the opportunity.

So you respond 1♥. Partner says 1♠.

Partner doesn't have 4♥s so you go back to thinking this is an ideal notrump hand. So ideal that you apply the "She who knows, goes" principle and bid 3NT. Partner smiles and passes.
