4♠ by North			

You dealt this hand.

You have the right strength but the wrong distribution to open 1NT. So you bid 1♣. Partner responds 1♠. What do you say next?

With partner's ♠ bid giving you a fit, your hand revalues to 18 points. If partner has only 6 or 7 points there is not enough for game, but if he has more than that then you should bid game.

When you are in-between like this you just invite. So you jump to 3♠. This tells partner to bid game if he has more than the minimum for his bid. He has 9 revalued points, so he bids 4♠.

You dealt this hand.

This is the one situation when you open a 3-card ♦ suit; two 4-card Majors, three ♦s and two ♣s, but not enough strength to open 1NT.

Partner responds 2NT.

Partner's bid shows 13-16 points, balanced. And most importantly, it denies holding a 4-card Major suit. So you do not consider bidding either your ♥s or ♠s, but just bid 3NT.

All Pass			
3 ♣ by South			

You dealt this hand.

With a 5-card and a 4-card Minor you open the 5-card. Partner responds 1NT.

With only 14 points a pass might be the best bid. But with doubletons in both Majors, knowing partner does not have 4 of either, you elect to bid 2 ♣. Partner now surprises you and bids 3 ♣. It's your bid.

Partner evidently found some hidden treasure when he revalued! But you still have only 16 points at the most so you pass.
