rebid spades later if there is no heart fit.

North opens 1 ♠. You have 15 HCP, but you only have 4 ♥s, so you can't bid 2 ♥ (this would promise a 5-card suit). So instead you bid clubs. This is natural and game-forcing, but only promises 4+ clubs. Note that holding two 4-card minors you bid them up-the-line, just as in standard bidding. North rebids 2 ♥. This shows at least 4 hearts. What do you rebid now? Your 3 ♥ bid confirms hearts as trump. There's no worry partner might pass - we are in a game forcing auction. North raises to 4 ♥, showing no slam interest.

We don't have enough for slam opposite a minimum opener, so we just pass. Note North's decision to show the poor 4-card heart suit for their second bid, instead of showing the 6th spade. In a GF sequence, it's more important to tell about 4 more cards than 1 more card. North will always have the chance to

		1♥	Pass
2♦	Pass	2♠	Pass
2NT	Pass	3NT	
All Pass			

East opens 1♥ - how do you respond? East next bids 2♠, showing the other Major suit. In standard bidding this is a Reverse, showing a strong hand with 5♥s and 4♠s. But after a 2/1 GF response, East doesn't need extra values to show their 4-card spade suit. What should you rebid? You assume East to be 4-5 in the Majors, and since you can't support either one, you bid 2NT. If East actually has 6♥s (or 5♠s) he would rebid the suit. Your 2NT bid guarantees a stopper in the fourth suit.

East does not have either 6♥s or 5♠s so he just bids 3NT. Notice that East never once considered the possibility of passing what might be a misfit - the initial 2/1 response unconditionally forced the partnership to reach a game somewhere.

1. 4th suit			

South opens 1 ♠ - how do you respond? With 13 points, you respond 2 ♣, a natural 2/1 force to game. South next bids 2 ♥, showing the other Major suit. What do you rebid now? You assume South to be 5-4 in the Majors, so you cannot support either. You cannot bid 2NT without a stopper in ♦ s. So you bid the fourth suit, 3 ♦, telling South you know you must make a bid, but can't find anything appropriate. This is an artificial bid, and normally denies a diamond stopper (otherwise you would have bid 2NT). South rebids 3NT - what do you do now?

South now must find a bid. His choices include rebidding the 5-card ♠ s, supporting North's ♣ s with a doubleton Queen, or bidding 3NT with the ♦ K 6 as a stopper. He chooses this last option. It appears that 3NT is the best game for these two hands.
