6NT

6NT by North

You dealt this hand.

You have 20 points and it would not be terrible to open 2NT. However, strictly speaking you shouldn't open 2NT with two doubletons. So you open 1♦. Partner responds with a jump to 2NT.

With partner's 13-15 added onto your 20, bidding 6NT would be a reasonable bid. However, it costs nothing to check for Aces first, so you bid 4♣. (Everybody agrees this is Gerber, right?) Partner answers 4♠.

Easy, missing one Ace you bid 6NT.

You dealt this hand.

With 13 points and a good Major suit you naturally open 1 ♠. Partner responds 3 ♥.

We are playing strong jump-shifts by Responder so partner is showing 17+ points. However, you are still stuck with your minimum opening so you just rebid 3 ♠. Partner bids 4NT. What is your reply?

He asks for Aces so you bid 5 ♥ showing 2. He now bids 5NT.

You have no King. So you reply 6 ♣ and partner bids 6NT (safer than 6 ♠).
