Your 2♥ bid is a Reverse, showing 17+ points.

There has been no agreement on trumps, so you assume that South has implicitly agreed to ♥s. So you respond 5♣, showing 4 Key-Cards, three Aces and the ♥K. Partner next bids 5♦.

5♦ is the Queen Ask. Partner obviously is thinking about a Grand Slam and wants to know whether you hold the trump Queen (♥Q). Since you do not have the card you return to the agreed trump suit at the lowest level - which is 5♥. Partner now bids 6♥.

The bidding has been as shown. Yes, you could have jump-shifted on your first bid.

Slam in ♥s is almost certain, but you should check for Key-Cards. You bid 4NT and partner says 5 ♣.

Partner shows 1 or 4 Key-cards. Since he jumped on the second round you figure it must be 4. So you have all the Key-Cards. Time to find out about the other Kings, so you bid 5NT. Partner replies 6 ♦.

Partner has 1 King, the only one left, the ♦K. You can count about 17 high-card tricks available so you bid 7NT.
