4♥ by North

You dealt this hand.

You only have 20 points, but you have 9 playing tricks. You have two choices, open 4♥ or open 2♣. Usually 4♥ would show a slightly weaker hand than this, so you bid 2♣. Partner responds 2♦.

Of course you bid your 8-card suit. But no jumping, just bid 2♥. Partner now says 2NT.

Partner has between 3 and 7 points. Somewhere in those points might be the one trick you need, but you don't have any scientific way of finding out. So just bid 4♥ and hope. (There it is, the ♣10.)

With 7 points you must bid a Negative 2♦. Partner now bids 2♥. What is your bid?

For someone who made an initial Negative response you have quite a good hand. You can't support partner's ♥s (yet) but you consider jumping to 3NT. All in all it is better to just describe your hand with a 3♦ bid, then wait and see what partner says. You don't have to wait long since he bids 3NT which you pass.
