You have 14 points in support of ♠s; however, partner's overcall does not promise more than 9 points or so.

So you cue-bid 2♥, showing a good hand with support and forcing partner to bid again. Partner bids 3♠.

4♠. Partner's jump shows a good overcall, but not enough strength to insist on game when you might have only 11 points. You have plenty extra so you bid the game.

Partner has a limit raise or better in ♠s, 11 points or more.

There is only one thing you want to know now - how many Aces partner holds. So you bid 4NT to find out. Partner responds 5♥.

You know you have a loser. Bid 6♠.
