Partner has an opening hand and you have an opening hand. Your first priority is to inform partner that your side must reach game. You do this with a 2 ♣ cuebid. Partner comes back with 2 ♥.

With both of you knowing you will reach game, partner has suggested ♥s. You don't care much for that suggestion, but would now consider 3NT. However, you should first mention your 4-card ♠ suit. Having found the fit, partner bids game.

You **COULD** make a game-forcing cuebid here, but a much better description of your hand is a leap to 4♥, the spot where you know you want to play. If partner has any extra strength he will know to bid again. In this case he has a bare minimum and passes.

Notice that if you had made a cuebid, partner would probably end up playing 4♥ and the opening ♠ lead would be right through your ♠K.
