NORTH figures that if SOUTH holds two Aces he will bid the slam.

SOUTH only has one Ace, but she has something else just as good - a void in a suit which is higher-ranking than ♥s.

NORTH manages to figure out that SOUTH has a ♠ void and bids the slam anyway.

EAST may have a good hand but WEST merely gave a simple raise. Even if WEST has a maximum there won't be a slam.

SOUTH has a tough decision after the two
Control-showing bids.

If he uses Blackwood and NORTH shows two Aces
he will be no better off, because he won't know if one
of the Aces is the useless ♠ A. Based on knowing
that NORTH holds the ♦ A, he bids 6♥, hoping that
he can at least make that and that 7 isn't a laydown!
