NORTH thinks slam may be possible, so she uses Blackwood.

And that's what Blackwood is really good for - keeping you out of slams when you are missing two Aces!

EAST knows WEST has at least five ♠s, and they might provide discards for two or three of her minor suit losers.

She tries Blackwood and, sure enough, WEST comes through with two Aces.

Even with all the Aces EAST knows there are not enough points for Grand, so she bids 6♥.

7 ♥ by South

When NORTH answers Blackwood with one Ace SOUTH decides to bid 5NT to ask for Kings.

With two Kings, NORTH would bid 6 ♥. But she knows that if she does so, SOUTH might stop right there.

Knowing the 5NT bid guarantees all four Aces, NORTH figures her ♣ suit will supply five tricks so she bids 7 ♥.
