6 ♦ by North			

SOUTH decides it is unlikely that NORTH is Aceless, so all he wants to know is the number of Aces NORTH does have. He invokes RKC Blackwood.

Since no trump suit has been agreed, NORTH bids as if ♦s, the last-bid suit prior to 4NT is agreed. NORTH has two Key-cards plus the trump Queen, so she bids 5 ♠.

SOUTH bids 6 ♦. If NORTH had just one Key-card, SOUTH would bid 5 ♦ over the 5 ♣ reply.

Pass

This is the companion to Deal 6. The cards are the same except that the ♦s and ♣s have been swapped.

Again, WEST has no problem as long as EAST holds at least one Key-card. When EAST responds 5 ♣, (showing one Key-card), WEST can pass.

That's what happens here.
