6NT by North
 you are on the same wavelength.

Here both partners understood the bid and North bid 6NT.

North opens 1NT.

With 16 points you have to be thinking about slam.
 But first things first, start the transfer process by
 bidding 2♥.

What is your next bid after partner's 2♠?

With 16 points you want to make an invitation to
 slam, but you also need to let partner know that you
 only have 5 ♠s so that he can play notrump when he
 only has a doubleton ♠.

The **BEST** way to say both these things is to bid
 4NT. This is similar to the 2NT bid in Deal 2.

But you can see the problem with the bid - if partner
 mistakes it for Blackwood 4NT things could get very
 confused. So don't use this unless you know both of

East opens 2NT showing a balanced 20-21 point hand.

Jacoby Transfers work fine with 2NT openings also. You should bid 3♦ as a transfer to ♥s. Partner complies by saying 3♥.

You bid 3NT which tells partner you have just 5 ♥s and lets him decide on which game to play.

On this Deal partner has 3 ♥s so he bids on to 4♥.

Notice that when partner opens 2NT the invitation to game option is no longer available. As responder you must decide immediately whether to stop short of game (by transferring then passing) or to go to game. This is not a serious problem since the tighter (20-21) point range makes responder's decision easier to make.

You open 1NT and partner responds 2♦.

This is an easy one. Partner has commanded you to say 2♥. So you say 2♥. Partner now bids 2NT.

What is your bid?

Partner's bidding shows 9 points and exactly 5♥. He asks that you take him back to ♥s if you have 3 of them. You don't. He is asking you to bid game if you have 17 points or a good 16. You don't.

So you pass.

You open 1NT and partner responds 2♥.

Naturally you say 2♠. Partner comes back with 2NT.

Partner's bidding shows 9 points and exactly 5♠. He asks that you take him back to ♠s if you have 3 of them. You don't. He is asking you to bid game if you have 17 points. You do.

So you bid 3NT.
