With his Reverse, partner has shown at least 17 points and at least 4 ♥s.

You could fall back on the guidelines and say that with 10 points you need to make a positive bid at this time, but it is simpler to just rely on "SHE WHO KNOWS, GOES."

Since you know of an 8-card ♥ fit and at least 27 points you bid 4♥.

It may be tempting to open 1♥, planning on Reversing in ♠ at your second turn to show your big hand.

Don't. A Reverse should always show an unbalanced hand with the first suit longer. So you open 1♠ and partner replies 2♠.

If you had opened 1♥ partner would have replied 1NT. Then when you Reversed with 2♠ he would have assumed you had a 4-card ♠ suit and would probably have put you back in ♥s, your known 5-card suit.

Things would have gotten confusing, to say the least.

You would really love to pass. You have a terrible hand and you like the ♦s better than the ♣s.

But you are forced to bid. And since partner has 5 ♣s and only 4 ♦s, you should take him back to his first suit.

Mercifully he passes.

When partner shows 17+ points with his Reverse you are sure you belong in game. Since he did not support your ♠s you know he doesn't have four of them. You also know you have an 8-card fit in ♦s, but surely nine tricks in Notrump will be easier than eleven in ♦s.
