You dealt this hand.

With 10 points and a great 6-card suit this is a perfect Weak 2-Bid. You open 2♦. East passes and partner jumps to 4♦. West passes.

This is not an invitation to bid game. If partner had game interest he would bid 2NT. Apparently he is trying to preempt the opponents out of their hand and apparently it is working. You pass.

The 2NT bid is forcing. Your ♦K is a feature, but your immediate priority is to let partner know that you have a minimum strength opener, 6, 7 or 8 points. So you rebid 3♥. Partner passes.

You should jump to 4♠, hoping to shut them out of their ♥ slam. As you can see they have at most one ♠ loser. Down 4 doubled for your side is much better than letting them bid and make a slam. Of course we know they should have continued bidding, but opponents sometimes make mistakes.

One of the characteristics of Weak 2-Bids is that Responder often is unsure how high to go. That's why the 2NT bid is such a great tool. In this case you bid 2NT and partner says 3♥.

Well, you weren't sure whether to take partner to game or not, so when he says he has a minimum hand you have to pass.
