You have a limit raise in ♠s; if East had not overcalled you would have bid 3♠.

Instead, you cue-bid 3♥, promising at least 11 points and support for ♠s. Partner bids the game.

Partner has a limit raise or better in ♠s.

With your 17 revalued points you know that your side has at least enough for game, so bid 4♠.

You have a limit raise in ♥s; if West had not overcalled you would have bid 3♥.

Instead, you cue-bid 2♠, promising at least 11 points and support for ♥s. Partner bids 3♥.

Pass. Partner indicates a minimum hand and you don't have enough extra to bid more.

You have a pretty good hand and if partner has a limit raise or better you should bid 4♥.

But partner doesn't have a limit raise - if he did he would have cue-bid. So you pass.

You would have bid 2 ♠ if East had not overcalled.

Instead, with 4 trumps you can jump to 3 ♠ as a preemptive measure. Partner will not mistake this for a limit raise since you would have cue-bid with 11+ points and support.

The jump to 3 is based on the Law of Total Tricks - bidding to a trick level equal to the number of your side's trumps.
