SOUTH not only has 20 points, he also has a lot of winners. So when NORTH jumps to 2NT, showing 13-15 points, SOUTH uses Gerber.

NORTH shows two Aces so SOUTH decides 6NT will be just right.

When WEST gives immediate ♠ support, EAST's thoughts naturally turn to slam. This is a good hand to use Blackwood on, so EAST bids 4NT.

WEST's 5♦ answer shows one Ace, which EAST cleverly deduces must be the ♣A.

EAST bids 6♠ since WEST has not bid strongly enough to think about 7.

NORTH expects to bid 2NT at his second turn, but SOUTH gives a positive 2♥ response and his thinking changes! First he supports ♥s, setting the trump suit.

SOUTH then bids 3♠, showing first round control. NORTH tries 4NT (Blackwood) and SOUTH replies 6♣. This shows a ♣ void and one Ace, obviously the ♠A.

NORTH bids 6♥, knowing they must lose the ♦A.

EAST's jump to 4♣ is a Splinter bid, at least 4-card ♥ support, at least opening hand, and a ♣ Singleton or Void.

WEST bids 4NT, Blackwood.

EAST's 5NT reply shows two Aces and a Void somewhere, obviously ♣s.

WEST counts thirteen tricks and bids 7♥.

NORTH figures that if SOUTH holds two Aces he will bid the slam.

SOUTH only has one Ace, but she has something else just as good - a void in a suit which is higher-ranking than ♥s.

NORTH manages to figure out that SOUTH has a ♠ void and bids the slam anyway.
