You open 1NT and partner responds 2♣.

When you have 4 cards in both Majors you respond 2♥. Partner bids 2NT. What is your next bid?

Partner would never bid Stayman without a 4-card Major. Since he did not like your ♥ bid it is clear that his 4-card Major must be ♠s. His 2NT bid was an invitation for you to bid 3NT, which means he has about 9 points. Knowing that partner has 9 points and 4 ♠s, your call is clear : 4♠.

You open 1NT and partner responds 2♣.

You do not have a 4-card Major. So your correct response is 2♦. Partner bids 2♥.

Partner has described a hand with 4 ♠s and 5 ♥s. You don't know his strength but it must be at least 9 points. You know that you have just a 7-card fit in both Majors, and since you have a full 17 points you bid 3NT.

4♥ by South

Lead: ♦J

You open 1NT and partner responds 2♣.

Your 2♦ response tells partner you have no 4-card Major suit. Then he bids 2♥. What do you say next?

Partner knows you do not have 4♥s, but he bid the suit anyway. He must have 5 of them and he must also have 4♠s (since he used Stayman). But it's the♥s you are interested in. Partner has 5 and you have 3. So you know of an 8-card Major suit fit. And you also know you have a maximum 1NT opening. So you say 4♥.

With a balanced 20 points you open 2NT and partner responds 3♣.

Stayman applies after a 2NT opening, just one level higher. With no 4-card Major you bid 3♦. Partner next bids 3♠.

Partner is showing 5 ♠s and 4 ♥s. In neither case would you have the 8-card fit you need. So you bid 3NT.

You open 2NT and partner responds 3♣.

With 4 cards in each Major suit you bid 3♥. Partner puts you in 3NT. What do you do? Pass or bid?

You certainly do not pass. Partner's Stayman bid tells you he has a 4-card Major suit. His 3NT bid tells you the suit was not ♥s. Elementary, Watson, the suit must be ♠s. So you convert the 3NT bid to 4♠.

If you want to make yourself happy you use Stayman, just imagine playing 3NT after a ♣ lead!
