When SOUTH answers Blackwood with one Ace
NORTH decides to bid 5NT to ask for Kings.

With two Kings, SOUTH would bid 6♥. But she
knows that if she does so, NORTH might stop right
there.

Knowing the 5NT bid guarantees all four Aces,
SOUTH figures her ♣ suit will supply five tricks so
she bids 7♥.

EAST thinks there might be slam if WEST holds both minor Aces, so he tries Blackwood.

When WEST shows just one Ace EAST is afraid he will have a trump loser as well, so he stops at 5♥.

It turns out that EAST might make twelve tricks, depending on the ♥K situation.

NORTH might be tempted to blast into Blackwood with his first bid, pushing toward some slam in ♥s. He chooses to temporize with a 1♥ response and is rewarded when SOUTH jumps to 2NT (18-19 points).

The Notrump bid prevents NORTH from using Blackwood, but Gerber 4♣ will work just fine. When he discovers that SOUTH holds three Aces and one King he can count thirteen tricks.

WEST responds 2NT, showing 8+ points with no 5-card suit.

EAST only needs to know how many Aces are in the WEST hand. He must use Gerber since 4NT in this situation would not be Blackwood.

When WEST shows two Aces EAST bids 6NT.
