When NORTH makes a slam try with a jump to 3♠, the best approach for SOUTH is to agree on the trump suit immediately but indicate a minimum hand by bidding 4♠.

NORTH's next move is logical; RKCB 4NT.

SOUTH shows zero or three Key Cards, and since it could not possibly be zero, NORTH knows they are the ♠K and both red Aces. Even possessing all the Key Cards NORTH knows there aren't enough points for a Grand slam.

It is usually not recommended to use any form of Blackwood when you have a suit with two quick losers, but EAST knows WEST would not preempt with a 10-high ♥ suit.

WEST's reply to RKCB is 5♥, showing two Key Cards. EAST knows they are the ♥A ♥K so she can count thirteen tricks.

She bids a confident 7NT (and hopes WEST didn't open 3♥ with a 6-card suit).

SOUTH has 21 points, and when she hears NORTH make a limit raise she tries for slam with RKCB.

NORTH answers with just one Key Card so SOUTH stops at 5♠, knowing they are missing two Key Cards.

Of course she didn't expect the two missing Key Cards to be the Ace and King of trumps!

What is this doing here in the RKCB Practice Pages?

To emphasize that there are many 4NT bids which are NOT asking for Aces.

In this case, WEST showed a balanced hand with 18 or 19 points, and EAST invited him to bid 6NT if he felt his hand was a "maximum". He didn't, so he passed.

♣ —

When SOUTH makes a Splinter bid, showing ♥ support and ♣ shortness, NORTH naturally thinks about slam.

She uses RKCB 4NT, and SOUTH, with one Key Card and a ♣ Void, bids 6♣.

Just what NORTH needed for the 6♥ bid.

WEST thinks they should be in slam, and uses Stayman to check for a 4-4 Major fit.

When EAST announces four ♠s WEST uses RKCB 4NT.

EAST's 5♠ bid shows two Key Cards plus the ♠Q.

This fills the holes in WEST's hand nicely, so she bids 6♠.
