

Stayman and Jacoby Transfers

The Stayman convention is used to find a 4-4 Major suit fit after one partner has opened 1NT or 2NT. Responder bids an artificial 2♣ and the Notrump bidder then bids a 4-card Major if she has one, or 2 or 3 ♦ otherwise.

The Jacoby Transfer convention is used to uncover a 5-3 Major suit fit after one partner has opened 1NT or 2NT. A response of ♦s asks opener to bid ♥s, a response of ♥s asks opener to bid ♠s.

The two conventions complement each other, that's why they are together in this set of practices.

NORTH, with a 5-card AND a 4-card Major first uses Stayman.

SOUTH denies a 4-card Major, so NORTH realizes that ♠s are out. He then bids ♥s, promising five of them.

SOUTH not only has three ♥s, she also has 17 points so she bids 4♥.

This is a companion hand to Deal 16.

EAST shows four ♠s following WEST's Stayman bid.

So WEST ignores her five ♥s, having already found an 8-card Major suit fit. With the fit her hand now revalues to 11 points so she bids 4♠.

This is companion #3 to Deal 16 and 17.

NORTH again starts with Stayman, and after SOUTH denies a 4-card Major, NORTH shows her five ♥s.

But in this Deal SOUTH has only a doubleton ♥, so he chooses to play 3NT.

Even with a 6-card ♠ suit WEST uses Stayman because he also has a 4-card ♥ suit. Given a choice, playing a 4-4 Major fit is usually preferable to a 6-2 or even a 6-3 fit.

But here EAST doesn't have four ♥s so WEST just bids the game where he knows the partnership holds eight trumps.

NORTH breaks the expected Transfer sequence by jumping to 3♥ instead of bidding just 2♥. This is called the "Super Accept" and it shows a hand with four of the trump suit with maximum point count.

SOUTH's ♣ bid and NORTH's ♦ bid are Control bids, showing first round control of the suit that was bid.
