

Stayman and Jacoby Transfers

The Stayman convention is used to find a 4-4 Major suit fit after one partner has opened 1NT or 2NT. Responder bids an artificial 2♣ and the Notrump bidder then bids a 4-card Major if she has one, or 2 or 3 ♦ otherwise.

The Jacoby Transfer convention is used to uncover a 5-3 Major suit fit after one partner has opened 1NT or 2NT. A response of ♦s asks opener to bid ♥s, a response of ♥s asks opener to bid ♠s.

The two conventions complement each other, that's why they are together in this set of practices.

SOUTH's 2♣ bid is Stayman, asking for a 4-card Major.

NORTH's 2♦ bid denies four cards in either Major.

SOUTH knows there is no 8-card Major fit. He also knows the partnership has at least 26 points so he bids 3NT.

4♠ by East

Lead: ♦ J

WEST, with 11 points and six ♠s, knows immediately that the final contract will be 4♠ since the partners must have at least eight ♠s and at least 26 points.

She concludes that it might be better for EAST to be the Declarer so she bids 2♥ as a Jacoby Transfer. When EAST makes the required 2♠ bid she just bids 4♠ which closes the auction with EAST as Declarer.

NORTH knows the partnership has a fit in ♥s since SOUTH must have at least a doubleton. He also knows the partnership holds at least 27 points.

He prefers SOUTH be the Declarer, (to protect against the opening lead), so he uses a Jacoby Transfer.

The contract might go down if played by NORTH, but is odds on when played by SOUTH.

EAST, with 9 points and a 4-card ♥ suit is just strong enough to use Stayman.

WEST shows 4 ♠s and EAST describes her minimum hand with no ♠ fit by bidding 2NT.

WEST has a maximum 1NT opening and bids 3NT.
