[show NS]

Since there has not been a clear agreement on the trump suit you can assume it is ♥s, the last bid suit.

So you have two Key-Cards (♠A and ♥K, along with the ♥Q). You therefore bid 5 ♠ and partner bids 6 ♥.

[show S]

Partner's jump to 4 ♠ indicates he is prepared to play at game even if you have as few as 6 points. So he must have 20 points or so. With your 14 that puts you in slam range. Decide what you would say next, then click on **BID** above. [BID 5 ♣]

Despite your conviction that this hand is going to slam you should **NOT** ask for Key-Cards holding a worthless doubleton. Instead, you make a slam try by bidding your cheapest control, 5 ♣. Partner says 5 ♥. What is your next bid? [BID 5 ♠]

[show NS]

You can only say 5 ♠. Partner would have control-bid ♦ s if he held the Ace since controls are bid up-the-line. His failure to show it means he doesn't have it. Since you might be off the first two ♦ tricks you stop at 5 ♠.

Yes, partner should probably have opened 2NT. Sometimes partners don't make the bids you think they oughta.

6 ♥ by South

Partner would have control-bid ♦ s if he had the Ace. You may not think that helps but it does since now you can bid RKCB. You bid 4NT and he answers 5 ♣. What is your next bid? [BID 6 ♥]

[show NS]

[show S]

Your partner's 3 ♥ is a limit-raise, 11-12 points with ♥ support. Decide what you would say next, then click on **BID** above. [BID pass]

What you want to know is whether partner holds the ♠ A. If you bid 4NT and he shows two Key-Cards all will be well, you will know they are the two missing Aces. But if he shows just 1 Key-Card you will be in the soup since you can't tell if that Key-Card is the useful ♠ A or the practically useless ♦ A. So you don't use RKCB, you use control-showing and bid 4 ♣. Partner says 4 ♥. What do you bid next? [BID 4NT]

It was a lot of work but you have figured out that partner holds 11-12 points including one Key-Card which must be the ♠ A. It looks like the slam is a good idea so you say 6 ♥.
