♣ A Q 9

With a balanced 20 point hand you open 2NT.

Partner responds 3♠.

Partner is showing a 5-card ♠ suit and at least 5 points. This is a forcing bid; you are to choose between 3NT and 4♠, depending on your ♠ holding. With three of them you bid 4♠.

The bidding has been as shown.

You have 8 points. Even if partner has the maximum 17 it would only add to 25, which is probably not enough to make game. You should pass.

The bidding has been as shown.

With 9 points you have just enough strength for an invitation. So you bid 2NT. Partner then says 3NT and everybody passes.

The bidding has been as shown.

A balanced hand with 12 points. Even if partner has just 15 points you want to be in game. So you bid 3NT.

♣ 8 6

The bidding has been as shown.

You have just 9 points, only 7 of which are HCP.
Still, that ♦ suit is very likely to provide 5 or 6
tricks. Take a risk and bid 3NT.

All Pass

4NT by East

The bidding has been as shown.

With partner's 15, 16 or 17 points added to your 16 the total assets are 31, 32 or 33. That's only one chance in 3 of having the points you need for slam. On the other hand you have a pretty good 16. So you bid 4NT, inviting partner to bid the slam. He will pass if he has only 15, so the worst thing that can happen is that he puts you in slam with only 32 points.

So you bid 4NT and guess what? He passes.
