What do you open with this hand? You opens 1 ♠ and North, responds 2 ♥. Note that this promises a 5-card or longer ♥ suit. (2 of a minor only promises 4+). What do you rebid? Knowing that North has 5, you bid 3 ♥ to confirm the trump suit. North bids 4 ♥.

North went straight to game, showing a minimum opener and no slam interest. You are also satisfied to just play at game. 2/1 is a good bidding method, and here, 4 ♥ is a good contract. But you can see that it is not a laydown - there is no bidding system that will always reach 100% contracts. In this hand a 3-3 ♦ split will provide the 10th trick, or if that fails, taking 2 ♠ finesses provides a 75% chance of success.

spades later if there is no heart fit.

East opens 1 ♠. You have 15 HCP, but you only have 4 ♥s, so you can't bid 2 ♥ (this would promise a 5-card suit). So instead you bid clubs. This is natural and game-forcing, but only promises 4+ clubs. Note that holding two 4-card minors you bid them up-the-line, just as in standard bidding. East rebids 2 ♥. This shows at least 4 hearts. What do you rebid now? Your 3 ♥ bid confirms hearts as trump. There's no worry partner might pass - we are in a game forcing auction. East raises to 4 ♥, showing no slam interest.

We don't have enough for slam opposite a minimum opener, so we just pass. Note East's decision to show the poor 4-card heart suit for their second bid, instead of showing the 6th spade. In a GF sequence, it's more important to tell about 4 more cards than 1 more card. East will always have the chance to rebid

South opens 1♥ - how do you respond? South next bids 2♠, showing the other Major suit. In standard bidding this is a Reverse, showing a strong hand with 5♥s and 4♠s. But after a 2/1 GF response, South doesn't need extra values to show their 4-card spade suit. What should you rebid? You assume South to be 4-5 in the Majors, and since you can't support either one, you bid 2NT. If South actually has 6♥s (or 5♠s) he would rebid the suit. Your 2NT bid guarantees a stopper in the fourth suit.

South does not have either 6♥s or 5♠s so he just bids 3NT. Notice that South never once considered the possibility of passing what might be a misfit - the initial 2/1 response unconditionally forced the partnership to reach a game somewhere.

1. 4th suit			

West opens 1 ♠ - how do you respond? With 13 points, you respond 2 ♣, a natural 2/1 force to game. West next bids 2 ♥, showing the other Major suit. What do you rebid now? You assume West to be 5-4 in the Majors, so you cannot support either. You cannot bid 2NT without a stopper in ♦ s. So you bid the fourth suit, 3 ♦, telling West you know you must make a bid, but can't find anything appropriate. This is an artificial bid, and normally denies a diamond stopper (otherwise you would have bid 2NT). West rebids 3NT - what do you do now?

West now must find a bid. His choices include rebidding the 5-card ♠ s, supporting East's ♣ s with a doubleton Queen, or bidding 3NT with the ♦ K 6 as a stopper. He chooses this last option. It appears that 3NT is the best game for these two hands.

1. control

2. control

3. 2 keycards + trump Q

How do you open the bidding? With 18 HCP and a balanced hand, you open 1 ♠. Partner responds 2 ♥. What do you rebid? You know this is a 5-card suit, and bid 3 ♥, confirming the 8+card trump fit and sets the trump suit. Partner rebids 3 ♠, a control bid, showing first or second round control. (Some will play this as showing 3-card support for spades, but I recommend playing this as a control bid.). You bid 4C, also a control bid, showing first or second round control in clubs. Partner bids 4NT, a keycard request using 1430.

You bid 5 ♠, showing two keycards and the trump queen. Partner bids the slam. The slam is a good one. If either the ♠Q or ♣K is right there are 12 tricks by way of a finesse. But the best way to play the hand would be to try to establish a ♠ in the South hand, and if that fails try the ♣ finesse.
