Your 2♥ bid is a Reverse, showing 17+ points.

There has been no agreement on trumps, so you assume that South has implicitly agreed to ♥s. So you respond 5♣, showing 4 Key-Cards, three Aces and the ♥K. Partner next bids 5♦.

5♦ is the Queen Ask. Partner obviously is thinking about a Grand Slam and wants to know whether you hold the trump Queen (♥Q). Since you do not have the card you return to the agreed trump suit at the lowest level - which is 5♥. Partner now bids 6♥.

The bidding has been as shown. Yes, you could have jump-shifted on your first bid.

Slam in ♥s is almost certain, but you should check for Key-Cards. You bid 4NT and partner says 5 ♣.

Partner shows 1 or 4 Key-cards. Since he jumped on the second round you figure it must be 4. So you have all the Key-Cards. Time to find out about the other Kings, so you bid 5NT. Partner replies 6 ♦.

Partner has 1 King, the only one left, the ♦K. You can count about 17 high-card tricks available so you bid 7NT.

Your 3♠ bid is a Splinter, agreeing ♥s as trump, and showing opening hand strength with a singleton or void in ♠s.

You have one Key-Card, the ♥A. You also have a ♠ void, but since bidding 6♠ would take you above the 6♥ level you just respond 6♥. Partner will deduce that your void is in ♠s, particularly because you Splintered in that suit. Partner passes your 6♥ bid.

Partner's 4♦ bid is a Splinter Bid. It shows opening hand strength, at least 4-card ♠ support, and a singleton or void in ♦s.

Normally you would not ask for Key-Cards with this ♦ holding. But since you know partner has at most a singleton, and that it is not the singleton ♦ A, you are safe to do so. You say 4NT, partner replies 6♦. What next?

WOW! Partner has one Key-Card and a ♦ void. So the Key-Card is the ♠ A. You don't know what the rest of partner's hand is, but he can surely take care of that small ♣. You bid 7♠.
