Partner's 4♦ bid is a Splinter Bid. It shows opening hand strength, at least 4-card ♠ support, and a singleton or void in ♦s.

Normally you would not ask for Key-Cards with this ♦ holding. But since you know partner has at most a singleton, and that it is not the singleton ♦ A, you are safe to do so. You say 4NT, partner replies 6♦. What next?

WOW! Partner has one Key-Card and a ♦ void. So the Key-Card is the ♠ A. You don't know what the rest of partner's hand is, but he can surely take care of that small ♣. You bid 7♠.

Your 2NT response shows 8+ points, with no 5-card biddable suit.

You support the ♦s and partner bids 4NT. What is your next bid?

With ♦s as trump you have 1 Key-Card, the ♥A. You answer 5♣ and partner bids 5♥. What is your bid?

This is the Queen Ask, wanting to know if you hold the ♦Q. Since you do have it you should bid a suit in which you hold a King. So you bid 5♠. That spurred partner on - he was fishing for 7♦ but when you told him you had the ♦Q, ♥A and ♠K he was able to bid 7NT.

Partner's 2♥ is a positive response, 8+ points with a 5+ card suit.

Even though it is tempting, bidding RKCB now would be a mistake because of your doubleton ♠ loser. Instead just support the ♥s. Partner cannot pass, you both know you are forced to game. In fact, partner bids 3♠.

Partner promises first round ♠ control so NOW you can bid RCKB. When you bid 4NT partner answers 6♥. This shows 1 Key-Card and a void in a suit higher than ♥s. Knowing you are missing either the ♦A or ♥K you pass.

Your 2♥ response shows 8+ points, with at least 5 ♥s.

Your hand is looking better and better. You already gave a positive response so you know you are forced to game. It is better to keep the bidding low to allow more investigating room so you bid 3♠. Partner bids 4NT. What is your response?

With ♠s agreed as trumps you have two Key-Cards, the ♠K and the ♥A. With no trump Queen you respond 5♥. Partner now says 5NT. What do you reply?

Partner is asking for Kings and you have just 1, the ♥K. Remember, the ♠K is not a King, it is a Key-Card which you have already counted. So you bid 6♦. Partner counts 13 tricks and bids 7NT.

Partner's 3♠ is a limit raise, 11-12 points and good ♠ support.

What you DO NOT say next is 4NT. If partner answered 1 Key-Card you would not know what to do. If he has a red Ace you can make slam, but if his one Key-Card were the ♣A you couldn't. Instead you make a control-showing bid of 4♣, promising first round control. Partner obliges you by bidding 4♥. What is your next bid?

Partner's bidding is like the Sherlock Holmes tale Silver Blaze, about the dog that didn't bark. Partner's ♥ bid shows that he **DOES** have the ♥A, but equally important it shows that he **DOES NOT** have the ♦A. So you know you don't have a ♥ loser but do have a ♦ loser. You bid 6♠.
