With 7 points you must bid a Negative 2♦. Partner now bids 2♥. What is your bid?

For someone who made an initial Negative response you have quite a good hand. You can't support partner's ♥s (yet) but you consider jumping to 3NT. All in all it is better to just describe your hand with a 3♦ bid, then wait and see what partner says. You don't have to wait long since he bids 3NT which you pass.

You dealt this hand.

With 22 points you should open 2 ♣. Partner responds 2 ♦.

You have 22 points and 5-card Major suit. Your rebid is therefore 2 ♠. Partner raises to 4 ♠. His jump to game shows a weaker hand than a 3 ♠ bid would so you pass.

You have 6 points and bid a Negative 2♦. Partner now bids 2NT. What is your bid?

Partner has a balanced 22-24 points. With your 6 you want to be in game, but which game; 3NT, 4♥ or 4♠? You can't answer that question unless you know if partner has a 4-card Major suit. So you bid 3♣, which is Stayman in this case. Partner replies 3♥.

Knowing of the 4-4 fit you bid 4♥. By the way: Partner knew your 3♣ bid was not the Second Negative because you don't use Second Negative following a 2NT rebid, you just pass.

♣ 4

You dealt this hand.

With 23 points you open 2♣. Partner responds 2♦.

You bid your 5-card ♥ suit. Partner says 2NT.

Partner's 2NT shows scattered values and fewer than 3 ♥s. He has 3 or more points or he would have bid the Double Negative. So you say 3NT.

You have 11 points and partner opens 2♣. Wow!
You answer 2NT and he bids 3NT. What is your next bid?

Hmmm, 22-24 balanced, plus 11 balanced equals
33-35 balanced. It makes you think a jump to 6NT
would work out great. Just do it.
