SOUTH has four ♠s, so instead of bidding them she makes a Negative Double.

NORTH knows there is no 8-card fit in ♠s, but he does have ♥s stopped. He bids 1NT.

SOUTH has 9 points and with four ♣s she goes back to that suit and NORTH passes.

Compare this hand with Deal 6. EAST has five ♠s, this time so she bids 1 ♠.

WEST knows there IS an 8-card fit in ♠s, so he bids 2 ♠.

EAST has 10 points so she passes.

NORTH has 11/12 points, a Limit Raise in ♥s. So after the overcall he makes a Support Cue-bid of 2♠.

SOUTH adds her 16 to the 11 that NORTH has promised as a minimum and goes straight to 4♥.

If NORTH had significantly more than 11 he could bid on, but in this case he should happily pass.

3♥ by West

Compare this with Deal 8.

EAST has 7 points, barely enough for a 2♥ raise if there had been no overcall. But when NORTH puts in the ♠ bid, EAST can jump to 3♥ as a preemptive measure. He knows WEST won't think he has strength because he did not make a Support Cue-bid.

WEST does know it and passes 3♥.

SOUTH has the strength for a raise to game in ♠s, but this could be dangerous since NORTH has overcalled rather than opened. Instead, SOUTH shows her strength with a Support Cue-bid.

NORTH in fact had a pretty good overcall so he jumps to 3♠ and SOUTH bids the game.

With a weak overcall NORTH would have just returned to 2♠ which SOUTH would pass.
