4 ♠ by North			

EAST's 1♥ opening is passed around to NORTH. He is tempted to overcall 1♠, but with 18 points is a little strong for a mere overcall. Instead, he doubles.

With 8 points SOUTH is not strong enough to jump. She bids 2♣.

NORTH now bids 2♠. By doubling first, then bidding his own suit, he shows a good suit and 17+ points.

SOUTH raises to 4♠.

3NT by East			

EAST has 18 points, a balanced hand, and a good stopper in their suit. He should overcall 1NT. For 1NT overcalls, the range is increased to 15-18 points.

WEST bids 2♣ (Stayman), just as she would with a 1NT opening. When EAST denies holding a 4-card Major WEST has enough points to bid 3NT. She doesn't worry about a ♠ stopper since EAST promised he had the suit controlled.

SOUTH has 20 points, excellent ♦ stoppers and a balanced hand. She is two points too strong to overcall 1NT. Instead, she doubles.

NORTH has an awful hand - but since he is forced to bid he says 1♠, assuming SOUTH wants to hear his best suit.

SOUTH now bids 1NT, showing the balanced 19-21 point hand. NORTH passes, of course.

WEST has a 19 point balanced hand, including a stop in ♥s. He plans to double, then bid NT. (see Deal 9)

EAST has 10 points though, so he jumps to 2♠.

In theory WEST could now bid 2NT to continue the description of his hand, but he might as well go ahead and bid 3NT instead.

4 ♠ by North			

With a 5-card ♠ suit and 13 points NORTH should overcall 1 ♠.

SOUTH has 13 points and four ♠s. If NORTH had opened, SOUTH's hand would be good enough to insist on game. But since NORTH overcalled, SOUTH merely invites with a jump to 3 ♠.

NORTH has better than a minimum overcall so she accepts the invitation and bids 4 ♠.

WEST has a very minimum Takeout Double of 1♦.
But what it lacks in strength, it makes up for with
perfect distribution.

EAST has 13 points and only wants to play in one
contract, 4♥.

WEST passes happily.
