When SOUTH agrees to ♠s, NORTH will not stop short of a slam. The RKCB 4NT bid tells NORTH that they have all five Key Cards since SOUTH could hardly have a 2♣ opening hand with no Aces.

NORTH's 5♥ bid is the Queen Ask, and SOUTH's reply confirms that she holds the ♠Q, and also has the ♣K.

NORTH figures the ♠ suit will run, and this should be enough for Grand Slam. He chooses 7NT.

EAST knows there are enough points for slam, but she is worried about the trump suit. WEST's support doesn't guarantee more than three ♠s, and if they are not headed by the Queen she could lose a trump trick.

Her RKCB bid relieves her mind when EAST claims two Key Cards PLUS the ♠Q. She bids 6♠ (and hopes for a 3-2 trump split!).

When SOUTH makes a slam try with a jump to 3♠, the best approach for NORTH is to agree on the trump suit immediately but indicate a minimum hand by bidding 4♠.

SOUTH's next move is logical; RKCB 4NT.

NORTH shows zero or three Key Cards, and since it could not possibly be zero, SOUTH knows they are the ♠K and both red Aces. Even possessing all the Key Cards SOUTH knows there aren't enough points for a Grand slam.

It is usually not recommended to use any form of Blackwood when you have a suit with two quick losers, but WEST knows EAST would not preempt with a 10-high ♥ suit.

EAST's reply to RKCB is 5♥, showing two Key Cards. WEST knows they are the ♥A ♥K so she can count thirteen tricks.

She bids a confident 7NT (and hopes EAST didn't open 3♥ with a 6-card suit.

NORTH has 21 points, and when she hears SOUTH make a limit raise she tries for slam with RKCB.

SOUTH answers with just one Key Card so NORTH stops at 5♠, knowing they are missing two Key Cards.

Of course she didn't expect the two missing Key Cards to be the Ace and King of trumps!
