6♥ by North
Lead: ♣K

Since there has not been a clear agreement on the trump suit you can assume it is ♥s, the last bid suit.

So you have two Key-Cards (♠A and ♥K, along with the ♥Q). You therefore bid 5♠ and partner bids 6♥.

Partner's jump to 4♠ indicates he is prepared to play at game even if you have as few as 6 points. So he must have 20 points or so. With your 14 that puts you in slam range.

Despite your conviction that this hand is going to slam you should **NOT** ask for Key-Cards holding a worthless doubleton. Instead, you make a slam try by bidding your cheapest control, 5♣. Partner says 5♥. What is your next bid?

You can only say 5♠. Partner would have control-bid ♦s if he held the Ace since controls are bid up-the-line. His failure to show it means he doesn't have it. Since you might be off the first two ♦ tricks you stop at 5♠.

Yes, partner should probably have opened 2NT. Sometimes partners don't make the bids you think they oughta.

1. Roman Key Card Blackwood
2. 2 key cards with the trump queen

6♠ by West
Lead: ♣4

Your partnership plays Jacoby 2NT convention, so partner's 2NT shows a game-forcing raise in ♠s. Your 3NT bid indicates a 5-card suit and "extra values". Partner's 4♥ is a control-bid showing the ♥A.

What you need to know now about partner's hand is Key-Cards so you bid 4NT. He answers 5♠. What is your bid?

Partner's response says 2 Key-Cards and the ♠Q. So you are missing either the trump King or the ♦A. So you shouldn't bid 7, but you will almost surely make 6. You bid 6♠.

2. 2 key cards without the trump queen

6♦ by North
Lead: ♣8

Partner's 3♦ bid shows a very good hand with probable slam interest. It is very tempting to say 3NT now but you don't have ♥s stopped and don't know if partner does. So with good ♦ support you bid 4♦. Partner bids 4NT. What is your response?

You have 2 Key-Cards, the ♠A and ♦K. But you don't have the ♦Q so you answer 5♥. Partner bids 6♦.
