They shouldn't really be this easy. You bid 2NT and partner replies 3NT.

You pass of course. Partner's 3NT says his suit is A K Q x x x and you can therefore count 9 top tricks.

You have a perfect 2♦ opening except for one thing. Well, except for four things really, those four ♠s. So you pass. Then partner opens 1♠.

Well, we have passed out of the realm of Weak Twos and into Major Suit Raises! No problem, it's all Bridge. Youmake a limit raise of 3♠ and partner bids 4♠.

You know partner must have the ♠K since he wouldn't open a Jack-high suit. You need to find out if he has an outside Ace. So you bid 4NT and he answers 5♦.

Partner has one Ace. Bid 6♠.

You dealt this hand.

You open with a Weak 2-Bid, 2♥. Partner responds 2♠. What do you say next?

The 2♠ bid is forcing for one round, but you want to bid again anyway. While you had an 11 point hand when you opened 2♥ it has actually grown in value in support of ♠s. It is a question whether you should now bid 3♠ or 4♠. Let's assume you say 3♠ and partner raises to 4♠.

You know have just a 6-card ♥ fit so you can be no worse off in ♠s. You respond 2♠ and partner raises to 3♠.

It isn't a sure thing, but take a chance. Bid 4♠.
