3♠ by North
Lead: ♥K

You would have bid 2♠ if East had not overcalled.

Instead, with 4 trumps you can jump to 3♠ as a preemptive measure. Partner will not mistake this for a limit raise since you would have cue-bid with 11+ points and support.

The jump to 3 is based on the Law of Total Tricks - bidding to a trick level equal to the number of your side's trumps.

3♥ by East
Lead: ♠K

Partner has a limit raise or better in ♥s, 11 points or more.

You, however, have a bare-bones minimum. So you rebid a minimum 3♥, which partner passes.

4♠ by South
Lead: ♥4

You have 14 points in support of ♠s; however, partner's overcall does not promise more than 9 points or so.

So you cue-bid 2♥, showing a good hand with support and forcing partner to bid again. Partner bids 3♠.

4♠. Partner's jump shows a good overcall, but not enough strength to insist on game when you might have only 11 points. You have plenty extra so you bid the game.

6♠ by West
Lead: ♥K

Partner has a limit raise or better in ♠s, 11 points or more.

There is only one thing you want to know now - how many Aces partner holds. So you bid 4NT to find out. Partner responds 5♥.

You know you have a loser. Bid 6♠.
