5♠ by South
Lead: ♦Q

NORTH's 3♠ supporting bid is enough to convince SOUTH to make a slam try.

SOUTH bids Blackwood 4NT. If NORTH shows one Ace SOUTH plans to bid 6♠, but when NORTH bids 5♣ SOUTH settles for 5♠

2. 1 ace

6♥ by South
Lead: ♣A

SOUTH makes a positive 3♥ response to NORTH's 2♣ opener. This promises at least 8 points and a 5-card suit with two or more honors.

NORTH only needs to know one thing - how many Aces in the SOUTH hand. A Blackwood 4NT tells her the answer is one, so she bids 6♥.

6NT by South
Lead: ♠4

When SOUTH opens 1NT, point-count alone tells NORTH that 6NT can surely be made. SOUTH is bound to hold at least two Aces. But NORTH doesn't want to miss a Grand slam.

NORTH bids 4♣, (Gerber), and SOUTH admits to just two Aces.

So NORTH settles for the small slam.

7NT by South
Lead: ♣Q

SOUTH has a powerhouse and knows she will reach a slam somewhere. When NORTH supports the ♠s, it seems she has found her spot.

Blackwood tells her that NORTH has two Aces. She can see there are 12 tricks available and decides to take a chance that NORTH will have a thirteenth trick somewhere among his opening hand points.

She bids 7NT.
