This is the companion to Deal 6. The cards are the same except that the ♦s and ♣s have been swapped.

Again, SOUTH has no problem as long as NORTH holds at least one Key-card. When NORTH responds 5♣, (showing one Key-card), SOUTH can pass.

That's what happens here.

WEST needs to know how many Aces EAST holds.

One way to find out would be to bid 3♠, (which is forcing), then launch Blackwood.

Another way is to bid 4♣ (Gerber) right now.

The first way is probably better but we needed a Gerber example.

7♠ by South
Lead: ♦A

SOUTH's positive response shows 8+ points and five or more cards headed by at least two honors.

NORTH figures a small slam would be safe, but just to be sure she uses Blackwood.

SOUTH's 6♦ reply shows one Key-card which must be the trump King, and a ♦ void!.

NORTH readjusts her thinking and decides to bid the Grand.

WEST jumps in ♥s, showing a good suit and slam interest.

EAST has great ♥ support so bids RKCB 4NT.

WEST responds 5♠, showing two Key Cards and the ♥Q.

That is enough for EAST to bid the slam.

7NT by North
Lead: ♥6

When SOUTH agrees to ♠s, NORTH will not stop short of a slam. The RKCB 4NT bid tells NORTH that they have all five Key Cards since SOUTH could hardly have a 2♣ opening hand with no Aces.

NORTH's 5♥ bid is the Queen Ask, and SOUTH's reply confirms that she holds the ♠Q, and also has the ♣K.

NORTH figures the ♠ suit will run, and this should be enough for Grand Slam. He chooses 7NT.

6♠ by East
Lead: ♥K

EAST knows there are enough points for slam, but she is worried about the trump suit. WEST's support doesn't guarantee more than three ♠s, and if they are not headed by the Queen she could lose a trump trick.

Her RKCB bid relieves her mind when EAST claims two Key Cards PLUS the ♠Q. She bids 6♠ (and hopes for a 3-2 trump split!).
