6♠ by North
Lead: ♣J

After SOUTH's 2♣ opening, NORTH bids 2NT, showing a balanced hand of at least 8 points. NORTH actually has 12 points, but the time to show the extra strength will be later.

SOUTH's 3♣ bid is Stayman, asking NORTH for a 4-card Major. NORTH mentions his ♠s and SOUTH bids 4♠, showing a minimum 2♣ opener with 4 ♠s.

Now NORTH adds his 12 points to SOUTH's 22 minimum and gets 34. He bids 6♠.

4♥ by South
Lead: ♥3

NORTH has 3 points, so she responds 2♦ to SOUTH's opening 2♣ bid, then bids 3♣ as a second-negative when SOUTH bids 2♠.

However, when SOUTH then bids ♥s, NORTH finds two more points and bids 4♥.

3NT by North
Lead: ♠4

SOUTH expected to open 2♣, then bid 2NT at her second turn.

But NORTH, with 8 points and a balanced hand, responds 2NT, so SOUTH must adapt. She shows her minimum, balanced, 22-point hand by bidding 3NT.

Since SOUTH has just the 8 points minimum that he promised, he passes 3NT.

4♠ by South
Lead: ♠4

SOUTH has a balanced 23-point hand. He opens 2♣.

With 6 points and two 4-card Majors, NORTH can only say 2♦.

SOUTH shows his minimum hand with a 2NT rebid.

Now NORTH bids 3♣. This is not the second negative, but rather it is Stayman.

When SOUTH shows his ♠ suit NORTH bids 4♠.

7NT by North
Lead: ♥6

SOUTH opens 2♣.

NORTH should just respond 2NT, even with 11 points. The idea is to make a positive response (which forces the partnership to game level), and show extra strength later.

This time there is no need. SOUTH should bid 4♣ (Gerber), and NORTH answers 4♠ for two Aces.

Next SOUTH should ask for Kings, and when NORTH shows one King SOUTH should bid 7NT.

1. Blackwood
2. 1 ace

6♦ by South
Lead: ♠K

When NORTH opens 2♣ SOUTH has enough strength (9 points) for a positive response. But, because her suit is ♦s, she must jump to 3♦.

NORTH thinks slam and uses Blackwood to discover that SOUTH holds one Ace.

That's all SOUTH needs to know to bid 6♦.
