Weak Two-bids
Open 2♦, 2♥ or 2♠ with a 6-card suit headed by some honors and fewer 4-9 HCP.

Response of a new suit is not forcing. (Note: some pairs play this 1-round force)
Raise of Opener's suit is to play.
Response of 2NT is forcing and asks for further information.
After 2NT Response, Opener bids:
  3 of original suit to show a weak hand
  3 of another suit to show a good hand with high card in that suit
  3NT with a suit of A K Q x x x

Preemptive Bids
An opening bid of 3 of any suit shows a 7-card suit and less than opening hand.

This is primarily a defensive bid, and you should be mindful of vulnerability, being more cautious when you are Vulnerable against Non-Vulnerable opponents. For these Deals assume neither side is Vulnerable.
As a rule of thumb, Responder should assume Opener can win six tricks and bid accordingly.

NORTH has a perfect hand for an opening bid of 2♠.

SOUTH will be tempted to respond with his opening hand and good trump support, but he should resist the temptation. To raise a Weak Two-bid to game you should have quick winners, not just points.

EAST has the same hand as in Deal 1 and again opens 2♠.

This is the type of hand WEST needs to bid game. Notice that even with all those winners the pair is nowhere close to having a slam. The will probably make just ten tricks.

Once more, SOUTH has the same hand as Deals 1 and 2.

This time NORTH has a very poor hand without any chance of making game. However, he should bid 4♠ anyway.

It is very likely that the opponents can make 4♥ if East gets the opportunity to get into the bidding. Hopefully the 4♠ bid will shut him out, and 4♠ probably won't go down more than a couple of tricks.

WEST has a pretty normal preemptive 3♦ bid.

EAST has the equivalent of an opening 1NT bid and will be very tempted to bid 3NT.

That might turn out to be a disaster, particularly if EAST is unable to reach the WEST hand.

EAST should assume WEST can win six tricks if ♦s are trumps. Thinking this way points EAST to her best call - PASS.
