4 ♥ by North

North opens 1 ♠. So far you know you belong in game, but you don't know which game. What do you bid first? You respond 2 ♣, natural and forcing the partnership to game. North now bids his ♥ suit. At this point you figure North for 5 ♠s and 4 ♥s. What should you rebid? You cannot support either of North's Majors, but with a good stopper in the fourth suit you bid 2NT. The game force is still on and North may not pass this bid. North bids 3 ♥, indicating that this is also a 5-card suit. What do you rebid now?

Now you can bid the ♥ game, knowing there is an 8-card fit.

4 ♥ by South			

What do you open with this hand? You opens 1 ♠ and South, responds 2 ♥. Note that this promises a 5-card or longer ♥ suit. (2 of a minor only promises 4+). What do you rebid? Knowing that South has 5, you bid 3 ♥ to confirm the trump suit. South bids 4 ♥.

South went straight to game, showing a minimum opener and no slam interest. You are also satisfied to just play at game.

2/1 is a good bidding method, and here, 4 ♥ is a good contract. But you can see that it is not a laydown - there is no bidding system that will always reach 100% contracts. In this hand a 3-3 ♦ split will provide the 10th trick, or if that fails, taking 2 ♠ finesses provides a 75% chance of success.

4 ♥ by North

more card. North will always have the chance to rebid spades later if there is no heart fit.

North opens 1 ♠.

You have 15 HCP, but you only have 4 ♥s, so you can't bid 2 ♥ (this would promise a 5-card suit). So instead you bid clubs. This is natural and game-forcing, but only promises 4+ clubs. Note that holding two 4-card minors you bid them up-the-line, just as in standard bidding. North rebids 2 ♥. This shows at least 4 hearts. What do you rebid now? Your 3 ♥ bid confirms hearts as trump. There's no worry partner might pass - we are in a game forcing auction. North raises to 4 ♥, showing no slam interest.

We don't have enough for slam opposite a minimum opener, so we just pass. Note North's decision to show the poor 4-card heart suit for their second bid, instead of showing the 6th spade. In a GF sequence, it's more important to tell about 4 more cards than 1

3NT by South			

North opens 1 ♥ - how do you respond? North next bids 2 ♠, showing the other Major suit. In standard bidding this is a Reverse, showing a strong hand with 5 ♥s and 4 ♠s. But after a 2/1 GF response, North doesn't need extra values to show their 4-card spade suit. What should you rebid? You assume North to be 4-5 in the Majors, and since you can't support either one, you bid 2NT. If North actually has 6 ♥s (or 5 ♠s) he would rebid the suit. Your 2NT bid guarantees a stopper in the fourth suit.

North does not have either 6 ♥s or 5 ♠s so he just bids 3NT. Notice that North never once considered the possibility of passing what might be a misfit - the initial 2/1 response unconditionally forced the partnership to reach a game somewhere.
