With 14 points you will insist on game, but you aren't strong enough to jump shift. So you bid 1 ♥. Partner rebids 1 ♠.

Partner shows nothing extra. All you know now is that he doesn't have 4 ♥s. You know you want to be in game, but you aren't sure which game. If partner has 3 ♥s then 4 ♥ would be good. If not though, 3NT would be good if he has a ♦ stopper. The way to find out what he has is with Fourth Suit Forcing. So you bid 2 ♦. Partner answers with 2 ♥.

Partner tells you he has 3 ♥s. You bid the ♥ game.

With 13 points you open 1♦. Partner responds 1♥.

Partner might be 4-4 in the Majors so you bid 1♠. Apparently he wasn't since he says 2♣.

This is Fourth Suit Forcing and partner may or may not have a ♣ suit. You do not have 3♥s. You do have a ♣ stopper, so with a minimum hand you bid 2NT and partner passes.

You open your 5-card suit, 1 ♦. Partner responds 1 ♠.

You might bid 1NT, but since you have a singleton you prefer to say 2 ♣.

Partner bids 2 ♥.

This is Fourth Suit Forcing and partner is fishing for more information. You certainly don't have 3 of his ♠s so that is out. On the other hand, you have a double stopper in ♥s, so with 14 points you go right to 3NT.

You show your 4-card Major. Bid 1 ♠. Partner rebids 2 ♣. What do you say next?

You have a nice ♦ suit but don't bid it now. That would be FSF and partner would assume you didn't have a ♦ stopper.

With 13 points, bid what you expect to make, 3NT. Partner passes.

You open 1 ♥. As expected, partner responds 1 ♠.

This is easy bidding so far. You bid your second 5-card suit, 2 ♣.

Partner says 2 ♦.

Partner's bid is FSF. He wants to know if you have 3 ♠s, (you don't), or if you can stop ♦s, (you can't). So you have to rebid one of your 5-carders, and you should bid the lower-ranking one. You bid 3 ♣ and partner raises to 5 ♣.

You have 15 points and you respond 1♠. Partner rebids 2♦. What do you say next?

You would love to play 4♠ if partner has 3♠s. Or, you would love partner to play 3NT if he has ♣s stopped.

So you say 3♣ (FSF) to find out if either possibility exists. Partner does have ♣s stopped and bids 3NT.

With both 4-card minors you open 1♦. Partner responds 1♠.

You cannot bid 2♥ since you are not strong enough to reverse, so you bid 2♣.

Partner jumps to 3♥.

Since partner jumped this is **NOT** FSF. Partner has a ♥ suit and a pretty good hand to go with it. You also have a ♥ suit so you bid 4♥.

You have a totally square 13 points. Still, you don't want to ignore a 4-card ♠ suit so you respond 1 ♠. Partner rebids 2 ♦. What do you say next?

You COULD bid 3 ♣, FSF, to find out if partner has a ♣ stopper but that would be pointless. You already know of an 8-card ♥ fit so you say 4 ♥.

With both 4-card minors you open 1♦. Partner responds 1♠.

You cannot support ♠s with only 3 of them. Instead you bid 2♣. Partner says 2♥.

This is FSF, asking you to further describe your hand, and you have a problem. You do have a ♥ stopper so you COULD bid 2NT. You also have 3 ♠s so you COULD bid 2♠. Either way might turn out best, but that ♥K looks pretty lonesome so you choose 2♠ and partner raises to 4♠.

You respond 2♣. Partner rebids 2♦. What is your next bid?

With 13 HCP and that ♣ suit you could jump to 4♣. However, that would sail you right past 3NT which is very likely to turn out your best game. Rather than rebid ♣s, find out whether partner has ♠s stopped by using FSF.

You bid 2♠ and partner then says 2NT. Where do you go from here?

It couldn't have worked out better. Notrump played from partner's side. You bid 3NT.

There is only one possibility; you open 1♣. Partner responds 1♦.

You rebid "up-the-line", so you now say 1♥. Partner says 1♠.

Be careful! This is NOT Fourth Suit Forcing. It is true that you are forced to bid, but the difference is that in this sequence partner has a real ♠ suit. With 4-card support you bid 2♠ and partner raises to 4♠.

You have 13 points and you respond 1 ♠. Partner rebids 2 ♣. What is your next bid?

You have ♦s stopped, and with your 13 points you might well jump to 3NT. And while you may end up at 3NT it can't hurt to find out if partner has 3 ♠s first. So you bid 2 ♦, FSF.

Partner says 2 ♠, telling you he has three of them, and you bid 4 ♠.
