With 15 points and four of partner's suit you naturally bid 2NT. Partner now jumps to 4♥.

Partner's rebid of 4♥ is not strong. He is using the Principle of Fast Arrival to indicate a minimum opening hand. Since you have nothing extra you pass quietly.

Although you could show your singleton ♣ now it is usually more informative to show a second 5-card suit. So you say 4♦. Partner bids 4♥.

Partner signed off, showing a minimum, so you have nothing further to say.

Opening hand with 4-card trump support. You bid 2NT. Partner rebids 3♦.

The news that partner has a singleton ♦ does **NOT** excite you. In fact it causes your hand to devalue a lot. So you use the Principle of Fast Arrival and bid 4♥.

Partner's 3♠ bid is a Splinter, showing a singleton ♠, good trump support, and 13-16 points. You bid your first-round ♣ control, and partner replies with 4♦.

There isn't really anything else you want to know. You think you can make slam so you bid 6♥.

You have a perfect Jacoby 2NT raise. Partner's rebid is 3♥. What is your next bid?

When partner shows an above average opener it is your duty to make a control bid if you can. So you bid 3♠. Partner now bids 4NT and it is your turn.

This is Blackwood. You respond 5♥ for two Aces and partner bids the slam.
