4 ♠ by North

When partner opens 1 ♠ you have a pretty normal Jacoby 2NT response. He next says 3 ♠.

Your partner has a better than minimum hand with 6 ♠s. However, you have an average hand with no controls to show so you use the Principle of Fast Arrival and bid 4 ♠. Everyone passes.

Partner's bid is game forcing. With a bare minimum, no singletons, you go ahead and sign off in game. Partner then says 4♠.

Partner is definitely showing slam interest. If you had a first round control in either Minor suit you would bid it now. But you don't. So you sign off again, this time at 5♥. Partner finally gives up on the idea of slam and passes.

You want to force partner to game while you describe your hand. So you make a Splinter Bid of 4 ♥. Partner replies 5 ♣.

Partner has the ♣ A. Good. You are pretty worried about ♦ s and also your 11 high card points. You are tempted to just sign off at 5 ♠ but you shouldn't. You can make a control-bid below the 5 ♠ level. So you bid 5 ♥. This tells partner that your Splinter must have been a ♥ void. Partner bids 6 ♠.

With 17 points you need to indicate a better than minimum opening. You have no singletons and just a 5-card trump suit so you bid 3NT. Partner says 4♦ and it is your bid again.

Partner's 4♦ bid shows first round control (surely the Ace). You bid 4♥, showing your first round control. Partner now says 4NT.

You are being Blackwooded, and with three Aces you reply 5♠. That was apparently just what North wanted to hear, so he bid 7♠.

You were all set to give a Jacoby 2NT response when East stuck in his 1 ♠ overcall. Now you can't because Jacoby is off after opponents interfere. Fortunately you have another bid at your disposal. You say 2 ♠, showing good ♥s and a limit raise or better. Partner bids 3 ♥.

Partner didn't have enough to bid game, not knowing if you had more than 11 points. But you know you have opening hand so you bid 4 ♥.
