4 ♥ by North

Although you could show your singleton ♣ now it is usually more informative to show a second 5-card suit. So you say 4 ♦. Partner bids 4 ♥.

Partner signed off, showing a minimum, so you have nothing further to say.

Opening hand with 4-card trump support. You bid 2NT. Partner rebids 3♦.

The news that partner has a singleton ♦ does **NOT** excite you. In fact it causes your hand to devalue a lot. So you use the Principle of Fast Arrival and bid 4♥.

Partner's 3♠ bid is a Splinter, showing a singleton ♠, good trump support, and 13-16 points. You bid your first-round ♣ control, and partner replies with 4♦.

There isn't really anything else you want to know. You think you can make slam so you bid 6♥.

You have a perfect Jacoby 2NT raise. Partner's rebid is 3♥. What is your next bid?

When partner shows an above average opener it is your duty to make a control bid if you can. So you bid 3♠. Partner now bids 4NT and it is your turn.

This is Blackwood. You respond 5♥ for two Aces and partner bids the slam.

Partner has at least opening hand and he has 4 ♠s. There is only one thing you need to know - how many Aces he has. You bid Blackwood 4NT and he responds 5♠. What is your next bid?

The three Aces does it for you. You can count 7 ♠ tricks, 3 ♥ tricks, 2 ♦ tricks and 1 ♣. That is 13 total so you go ahead and bid 7NT.

6 ♥ by South

You have an opening hand with four of partner's Major suit so naturally you want to force to game. Although you could bid a Jacoby 2NT, the presence of the singleton ♠ makes a Splinter Bid more attractive. So you double-jump to 3 ♠. Partner now bids 4 ♣. What do you say next?

Partner's 4 ♣ bid is control showing, and indicates he is thinking slammish. You bid 4 ♦ showing your control and partner bids 6 ♥.

As you can see, South should make 12 tricks by discarding one ♣ loser on your ♦ A.
