You open 1NT and partner responds 2♣.

With no 4-card Major you reply 2♦. What do you bid after partner next says 2NT?

Partner seems to have about 9 points and is inviting you to say 3NT. Since you have a maximum 17 point hand you accept the invitation.

You bid 2♠. Partner next says 3♠.

Considering the bidding you have done so far you couldn't have a worse hand. With 4-3-3-3 distribution and a bare 15 points you most certainly don't want to accept any invitation from partner. So you pass. As you see, 9 tricks are not going to come easily.

You respond 2♥. Partner now says 3♥.

Partner has told you he has 4♥s and approximately 9 points. Add that to your 4♥s and 17 points and the total equals a game bid in ♥s. So you say 4♥.

When you have 4 cards in both Majors you respond 2♥. Partner bids 2NT. What is your next bid?

Partner would never bid Stayman without a 4-card Major. Since he did not like your ♥ bid it is clear that his 4-card Major must be ♠s. His 2NT bid was an invitation for you to bid 3NT, which means he has about 9 points. Knowing that partner has 9 points and 4 ♠s, your call is clear : 4♠.

You open 1NT and partner responds 2♣.

You do not have a 4-card Major. So your correct response is 2♦. Partner bids 2♥.

Partner has described a hand with 4 ♠s and 5 ♥s. You don't know his strength but it must be at least 9 points. You know that you have just a 7-card fit in both Majors, and since you have a full 17 points you bid 3NT.

You open 1NT and partner responds 2♣.

Your 2♦ response tells partner you have no 4-card Major suit. Then he bids 2♥. What do you say next?

Partner knows you do not have 4♥s, but he bid the suit anyway. He must have 5 of them and he must also have 4♠s (since he used Stayman). But it's the♥s you are interested in. Partner has 5 and you have 3. So you know of an 8-card Major suit fit. And you also know you have a maximum 1NT opening. So you say 4♥.
