East leads a ♣. Dummy plays the ♣K, you win that, cash another ♣, then cash your ♦Q. That first signal led to your side winning the first 6 tricks. Wow.

[showcards W:DA]

You are West. The bidding has been as shown.

Partner led the ♦A, dummy played the ♦3

Play the ♦2.

You know partner also has the ♦K, and normally you would give an encouraging signal when you hold the Queen. But with this hand you want partner to switch to ♣s as soon as possible. So you play a low ♦.

East looks at your signal, then looks at dummy, then looks at your signal. He knows you want a switch and it looks like a switch to ♣s might work the best. North plays a low ♣ from dummy, you win the ♣J. Next you play a low ♦, taken by East with his ♦K.

[showcards W:HA E:HQ S:H5]

You are South. The bidding has been as shown. You led the ♥A, North puts on the ♥Q. It's your play.

Play the ♥2.

North's ♥Q is either a singleton, (practically impossible), or a signal showing that he also holds the ♥J. In either case you can reach the North hand on the second trick by playing a low ♥. Since you don't particularly want to start playing ♦s from your side, you go ahead and play a small ♥, won by North with the ♥J.

North next plays the ♦Q and however East tries it your side will take the next two ♦ tricks and set the contract.

[showcards W:DA]

You are East. The bidding has been as shown. West led the ♦ A, dummy played the ♦ 2

Play the ♦ Q.

As soon as dummy appears you can see 3 tricks for your side. Partner surely has the ♦ K to go with his Ace and you have a certain trump trick. However, that's all you can see.

Your best hope is that West may be able to win a ♠ trick, and it may be important for the first ♠ lead to come from your side of the table.

Your ♦ Q play informs partner that you also have the ♦ J, giving him the option of underleading his ♦ K to get to your hand.

West next plays a small ♦ which you win with your ♦ J. You return the ♠ T. This establishes West's ♠ K before South can pull trumps and discard one of dummy's ♠ s on his fourth ♣.

good why would you be discarding a winner when all you had to do was toss a small red card?

[showcards W:S5 S:SK]

You are North. The bidding has been as shown. You led the ♠5, South plays the ♠T and West wins the ♠K. To the second trick West plays the ♣T and you must discard something.

Play the ♠J.

You know that South has no high ♠ honor or he would have played it to the first trick. So West has the ♠ A Q left, plus all those ♣ tricks. You need to have North switch to a ♥ if possible.

South must be expecting to lead a ♠ back when he wins the ♣Q which you hope he holds. Your ♠J discard may make him rethink. If your ♠s were any

Hopefully South will come to the conclusion that this is Suit Preference for a ♥ return and will play his ♥J. Hopefully.

 get it. North will discard his ♣K on South's extra ♦ winner.

[showcards S:S8,S5 W:SA,SQ,SK]

You are West. The bidding has been as shown. Partner led the ♠A, dummy played the ♠2 and you signal with your ♠T. East next plays the ♠Q and you drop the ♠4, completing your doubleton signal. East then plays the ♠K and it turns out you don't have to ruff after all. So what are you going to play?

Play the ♣9.

This should be a clear enough signal for East to play a ♣ to your ♣A next.

An alternate play, just as good, would be for you to ruff the good ♠Q and play the ♣A yourself.

If you don't get your ♣ trick at trick 4 you will never
